School of Music
University of Northern Iowa
The University of Northern Iowa School of Music offers the Master of Music degree in performance, composition, conducting, jazz pedagogy, music education, music history, piano performance and pedagogy, and multiple woodwind performance. We also offer the MA in Music degree for those wishing to tailor a more academic degree in music to their specifications. Applicants in all areas are invited to apply for admission and graduate assistantships and/or scholarships. Our internationally known faculty, outstanding facilities (including four performance halls and two state-of-the-art practice buildings), and small student to faculty ratio ensure that our graduate program provides a highly specialized educational experience and extraordinary leadership opportunities for our graduate students.
