WHAT IS THE UNI SPECTRUM PROJECT?

A Saturday program that combines music, movement, drama and art for children with differing abilities. Activities use the performer’s ideas with direction from UNI students.

Our performers come from the Cedar Valley and as far away as Des Moines. We range in age from 5 to 20 and meet each Saturday beginning in January.

Buddies in the Spectrum Project are students from UNI, Allen College and Hawkeye Community College. They volunteer each weekend to work with our performers to get ready for the show today. Buddies can be from any major.

The Spectrum Project is a continuation of efforts to provide performing arts experience for children with differing abilities in the Cedar Valley. This effort began with Spectrum Theatre, founded by UNI Theatre Professor Gretta Berghammer in 2012. The Spectrum Project is modeled after the Ball State Prism Project, founded by Ryan and Amy Hourigan in 2009 at Ball State University in Muncie, Indiana.

This project is supported through the UNI School of Music and community supporters.

Thank You to All Spectrum Buddies and Staff, Past & Present
Spectrum JamFest is May 20, 2023 in downtown Cedar Falls. Spectrum JamFest is an outdoor live music event showcasing local youth and school bands (rock, country, hip-hop, pop, metal, punk, alternative, etc.). Proceeds and donations go to support the UNI Spectrum Project.

2023 Spectrum JamFest Headliner MANDY HARVEY is a singer, songwriter, author, and speaker who happens to be deaf. Mandy was Simon Cowell's "Golden Buzzer" pick on America's Got Talent. The video has collectively received over 500 million views. Mandy uses her talents and artistry to encourage others which can be seen by her many acts as part of nonprofit organizations such as No Barriers USA. At Spectrum JamFest, students will be invited onstage to sing and play the ukulele with Mandy.
