Thank You!

I wanted a small space on my program to thank every single one of you for coming to my senior recital tonight! Regardless of whether or not it may be for a grade or because you are truly here to support me. Thank you to Mr.Sund, Hannah, Dr.Chenoweth, and Isidora for guiding me and getting me to the point where I need to be to pull off this amazing program, I truly appreciate everything you have all done for me and will always cherish all the time we have spent together! Thank you to all of my professors, directors, and coaches I have had at UNI. Without your teaching and guidance, I would have become a very different person and I thank you for all of your hard work. Thank you to all of my family for supporting me even though it may have been a little too expensive. I would not be here today without you and your support has always been appreciated, I love you all. To all of my friends, without you I would not be here. Music school is hard (we all know this) and without the amazing support system I have had I would not have made it; I truly appreciate the bonds I've made with many people here and will always remember the people I have known here at UNI. Thank you all for coming and please stay after to chat and enjoy the reception provided by my music fraternity SAI!
